HIGH TECH | LIGHTING SOLUTIONS

## KUUT range

It's our cluster downlighter. Extremely flexible in terms of sizes and orientation and it is available with bezel or trimless version. Ideal for retail shops, museums, among others, KUUT was developed focused primarily on the lighting effect in the areas, not just on design. KUUT system creates a new quality, not only in architectural but also for environmental compatibility and

economic efficiency when applied with LED lamps. Each individual downlight can swivel 350° and tilt 45°.

**Areas of Application:** Comercial areas, business, public areas, housing, offices, hotel and restaurant services, art and culture.
